3 Persons Hurt In Road Mishaps

Lake Milton Girl In Fair Condition

Three persons were injured in three of four district traffic accidents investigated by state highway patrolmen Monday and this morning.

A 10-year-old Lake Milton girl is in fair condition in St. Joseph Hospital, Warren, today recovering from injuries she suffered in an accident Monday evening at 6:56 on Route 534, near Lake Milton.

The state highway patrol reported that Barbara Addison of Overlook Way, Milton Lake, rode her bicycle out of a driveway and into the path of an oncoming automobile driven by Shirley Schisler, 29, of RD 1, Lake Milton.

The girl suffered fractures of the left leg and pelvis, multiple bruises and abrasions.

Suffers Cuts of Scalp

Mrs. Eva Powers, 57, of Grosspark, Mich., sustained lacerations of the scalp and a fracture of the left rib, in an accident 5.5 miles east of Warren Monday at 6:58 p.m. She was a passenger in a car driven by David Powers, 21, Grosspark.

Powers lost control of his car, and it struck a culvert and rolled over. The car was demolished.

Hurt In Jeep Mishap

Donald Kelm, 16, of North Lima, suffered injury to his back Monday at noon when the jeep he was driving north on Route 7, south of Youngstown, developed a defect in the steering column, left the highway and rolled over. Damage to the jeep was estimated at \$100.

In Columbiana County, Shirley Bailey, 18, of Chestnut St., Lisbon, made a right turn onto Mark's Landing Road at Guilford Lake, went off the left side of the road and struck a telephone pole.

She was cited for driving left of center.

TWO FINED IN LISBON

LISBON — Two motorists were fined a total of \$25 and costs Monday night at hearings before County Judge Samuel Crawford.

Dory C. Coplin, 5, of East Liverpool RD 1, was fined \$10 and costs for driving left of center, and Thomas A. McNary, 27, of Minerva was fined \$15 and costs for speeding.

Output of Kitchens To Be in Warren; Layoffs to Occur

The Youngstown Kitchens Division of American-Standard Corp., announced today that because of increased competition in the kitchen equipment industry it is forced to cut back its operations at the Salem plants.

C. D. Alderman, president of the Kitchens Division, said that two courses of action have been necessary: One, to concentrate all kitchen equipment production at the firm's Warren plant, and two, to shut down Plant No. 3 here for an indefinite period in the fall.

Contract stamping and tool and die making operations will continue to be carried on in Salem, Mr. Alderman said.

Layoffs to Occur In announcing the moves, Mr. Alderman explained that the Salem and Warren offices will be reduced by approximately 100 employees over the next few weeks, and that kitchen equipment production will be concentrated in the Warren plant beginning this fall.

The shutdown of Plant No. 3 in Salem in the fall for an indefinite period and the transfer of other kitchen production will affect approximately 300 factory employees, Mr. Alderman said.

He said that consideration also is being given to the transfer of the division's general offices from Salem to Warren.

"Competition in the kitchen equipment industry has been steadily increasing, forcing us to reduce costs and develop more effective methods in every phase of our operations. The current level of production and sales has made it necessary to accelerate our drive to reduce costs by concentrating kitchen production at this time in one plant and by reducing our staff," Mr. Alderman said.

Special efforts will be made to assist the released employees in locating new employment, Mr. Alderman said.

In connection with Youngstown Kitchens changes in production programs, six men have been appointed to key positions in a revised managerial staff.

Kent Man Is Held In Cutting Incident

LISBON — Isiah McCall, 33, of Kent, was bound over to the September Grand Jury under \$1,000 bond at a hearing Monday night before County Judge Samuel Crawford on a charge of cutting with "intent to wound, kill or maim."

Joseph Staley of Ravenna. Staley allegedly was wounded in a fight with McCall on Rt. 45, north of Wellsville, about midnight Friday. Staley sustained a cut of the upper right arm and other lacerations and was treated at East Liverpool City Hospital.

McCall is in the county jail.

I wish in this manner to thank my many Salem friends, business associates, the Salem City Hospital staff and nurses for their acts of kindness, during my recent sorrow. It will long be remembered. Helen Smith, Helene's. Ad.

Warrenite Boys' State Governor

Tallies Landslide Win Over Akron Youth

CAMP PERRY, Ohio (AP)—Robert S. Thompson, 17, of Warren, begins his administration today as governor of the 21st Buckeye Boys' State.

He won a landslide victory Monday over Donn Griffith, 16-year-old Buchtel High School student of Akron. The vote was 813 to 196.

Thompson recently completed his junior year at Warren Harding High School, where he was president of the student body and a varsity football player.

He headed the Federalist party ticket in Monday's election and carried three other party nominees into office with him. The Nationalists, headed by Griffith, won two state offices.

The new governor was inaugurated Monday night with Justice Charles S. Zimmerman of the Ohio Supreme Court administering the oath. Other state and court officials also were installed.

Elected to state office with Thompson were:

Lieutenant governor — John J. Race (N), Cincinnati; secretary of state — Richard A. Bell (F), Shaker Heights; treasurer — Edward Walsh (F), Akron; auditor — Jerry Mitchell (N), Massillon; attorney general — Chester Jastremski (F), Toledo.

Richard Black of Columbus was chosen over 12 other candidates as chief justice of the Supreme Court. His fellow jurists are John Hall, Warren; William Schopf, Columbus; David Gordon, Columbus; Wiley Carr, Lebanon; David Eckard, Akron, and Charles Huffman, Warren.

William Phillips, 16, Hurt In Cycle Crash

William M. Phillips, 16, of 305 W. 8th St., is reported in fair condition today at City Hospital with injuries sustained in a traffic accident Monday evening at 10:05 on N. Ellsworth Ave.

Phillips, son of Mr. and Mrs. Deane Phillips, suffered lacerations of his right shoulder, abrasions of his right hand and arm and contusions of his legs, when his motorcycle crashed into the rear of a parked car near 4th St. owned by C. R. Gibbons of Canfield.

Police reported that Phillips was traveling south on Ellsworth, and failed to see the parked car because of lights from approaching traffic.

Police said the motorcycle was badly damaged. Damage to the Gibbons vehicle was confined to the left rear fender.

Adams Tells Probers About Goldfine's Gifts

New Violence, Bloodshed Feared

New Cyprus Plan Pushed by Britain

LONDON (AP) — Britain went doggedly ahead with preparations to announce its new plan for the future of Cyprus today despite advance Greek and Turkish rejection.

New violence and bloodshed were feared on the east Mediterranean island. British troops, reinforced by paratroopers flown out from England, were on the alert to meet new trouble.

The plan was to be announced by Prime Minister Macmillan in London and Gov. Sir Hugh Foot in Nicosia.

It is expected to provide some measure of self-government for the British colony, a cooling-off period that the Greek and Turkish governments would be asked to help sponsor and perhaps a promise of a self-determination plebiscite in the future in which the island's Greek majority presumably would vote for independence as a prelude to joining Greece.

The population of Cyprus includes about 500,000 persons of Greek extraction and 140,000 of Turkish descent. The Greeks have been waging a sporadic guerrilla campaign for Enosis — union with Greece — while the Turks demand that Cyprus be partitioned between the two communities.

Britain gave both the Greek and Turkish governments an advance look at the new plan. An informant close to the Athens government said the Greeks would turn it down as not going far enough. The Turkish parliament earlier adopted a resolution declaring Turkey would accept nothing but partition.

Fourteen Greek Cypriots and two Turks were killed in weeklong rioting last week by Turks in Nicosia and other Cyprus cities. A tense, uneasy peace was finally restored by virtually round-the-clock curfews.

The curfew was lifted Monday morning, and there was no new outbreak. But Greek Cypriot families began moving from homes in Turkish sections in fear that new attacks would follow announcement of the new British plan.

Work Is Completed At Camp Twin Spruce

Over fifty scouts and helpers completed work at Camp Twin Spruce, near Carrollton, Saturday, according to Leonard McDaniel, Shawnee scout organizer.

Among the workers were Russell Limestone, Arthur Beech, Fritz Brautsch, John Shivers and Ed Smith of Salem; Robert Temple of Hanoverton; and Ray Lewis of Salineville. They finished painting the two trailers, the dining hall and the staff quarters.

Over 40 other scouts have completed grading the ground around the dining hall and clearing and sanding the water front. They roofed the staff quarters, graded the camp road, and started a university control spraying.

Dinner was prepared and served by Carrol Green of Salem.

Appearance Set for July 9

Gov. O'Neill to Attend Sesqui In Damascus

Gov. C. William O'Neill will make an appearance at Damascus' sesquicentennial celebration about 5 p.m. Wednesday, July 9, Dale Hileman, secretary of the community's sesqui steering committee, announced today.

Hileman said Carl G. Long, co-chairman of the steering committee, received the governor's consent in a letter.

Steering committee members will meet the governor in Westville and usher him into the community. Members of the committee also are making plans to have Gov. O'Neill in the parade, which will be held the same night from 7 until 8:30.

Following his appearance in the parade, the governor will be escorted to Goshen Union High School

A LOOK AT THE RECORD—Mrs. Sherman Adams helps her husband select a record album in their Washington, D.C., home. Today, a major political storm raged around Adams as a House subcommittee which brought his name into an inquiry moved to "develop all the facts we can." Committee Chairman Oren Harris (D-Ark) summoned the present and former heads of the Federal Trade Commission in an effort to determine if that agency gave special treatment to a longtime friend, Boston industrialist Bernard Goldfine.

New Tax Would Pay for Fire Truck

East Palestine Voters May Ballot On 3 Levies

EAST PALESTINE — City Council Monday night passed preliminary legislation to place three tax levies, two of them renewals, on the November ballot.

The renewal levies, for one mill each, and for a two-year period, would continue to provide operating funds for the city park and street maintenance funds. The levies have been in effect for more than 10 years.

The new tax levy, one mill for five years, would provide funds for the purchase of a new fire truck. Estimated cost of the fire truck has been placed at \$35,000. A one-mill levy brings in \$9,750, based on present tax duplicates.

Council approved, as an emergency ordinance, legislation providing for a 25-cent fine for parking meter violations. This would replace the one dollar minimum fine now in effect.

The legislation provides 25 cents for one hour of overtime parking. The parking ticket will provide an envelope for deposit of the 25 cents in special boxes to be placed in the metered area of the city.

Although this was passed as an emergency, the start of the plan will await the procurement of new tickets and collection boxes.

Council approved a motion calling for a three-week vacation for members of the police department after 15 years' of service. This is the same vacation plan as other city employees have here. Prior to this, two weeks was the vacation.

Salem Reserve Unit To Undergo Training

Salem's Army Reserve unit — G Company, Second Battalion, 331st Infantry Regiment — will train under new battle principles at their two-week summer camp from June 29 through July 31 at Camp Breckinridge, Ky.

Comprised of four officers and 45 enlisted men, all of whom reside in Columbiana County, G Company is commanded by Capt. Jack Herstrom. The county men are members of the 83rd division. They will train with the division.

Maj. Walter G. McKenrick Jr., commanding officer of the Second Battalion, will direct the training of the Columbiana, Mahoning, Ashland and Trumbull counties' Army Reserve units during the active duty training period.

Capt. Orlando A. Campisi, officer in charge of the Warren Army Reserve Center, and his assistant, Sgt. William L. Pryor, will accompany the 83rd Division to Camp Breckinridge.

A total of 4,500 Ohio Army Reservists will participate in the training, the climax of which will be a 48-hour bivouac spent in the field under simulated combat conditions.

Aide Says Rug Still Property Of Industrialist

Ike's Assistant Says Coat Material Given Him as Friendly Act

WASHINGTON (AP)—Top presidential aide Sherman Adams today told House investigators a rug furnished to him by industrialist Bernard Goldfine remains Goldfine's property and he so regards it.

Adams, in an unprecedented appearance before a congressional group, said also that material given to him for a coat by Goldfine cost the industrialist's mill about \$69.

"I accepted this gift in the same spirit in which he accepted, many years ago, a gold watch from me," Adams said in a statement prepared in advance of the hearing.

As for his relations with the wealthy Goldfine, his good friend, Adams told the House Subcommittee on Legislative Oversight:

"I can only say to this committee, with a clear conscience, that in the 5½ years that I have been at my post, I have never permitted any personal relationships to affect in any way any actions of mine in matters relating to the conduct of my office.

"If, on the contrary, I have in any way so conducted myself as to cast any semblance of doubt upon such conduct, I can only say that the error was one of judgment and not of intent."

The testimony by Adams came on the heels of an acknowledgment by the White House that President Eisenhower himself once accepted a supply of valuable vicuna cloth from Goldfine. The White House said, however, that Eisenhower passed the gift along to a friend and now can't even remember who the friend was.

President Eisenhower's top aide, who has rejected all previous congressional requests that he testify about various matters, volunteered Monday to undergo questioning about his use of hotel suites paid for by Goldfine and about reports he has accepted a \$2,400 rug and a \$700 coat among gifts from the Boston mill owner.

Adams carried with him a

Health Board Studies Septic Tank Survey

LISBON — A special report prepared by Tom Boyce, Columbiana County Sanitarian, was read at a meeting of the Columbiana County Board of Health Monday night.

The report gave costs, types and costs of operation of home septic tanks in the Westville Lake area as requested by Fred Johnson, a board member.

Mr. Johnson wanted to compare aggregate costs of septic tank operation in a well-populated area with expenses of a central sewage disposal plant serving an approximate number of people.

No action was taken on Mr. Boyce's report as Mr. Johnson was not present at the meeting.

The three board members present: Howard Cole of Lisbon, president; Dr. T. A. King of Columbiana and Mrs. Roy Archibald of Minerva RD 1, passed a resolution allowing Mrs. Violet Peterson of East Palestine, a county health nurse, to attend Kent State University July 21 to Aug. 1, to take a special course in school and community health.

R. E. Bibbee of Apples Corners was again present to request county authorities to strengthen restrictions covering the licensing of scavengers by regulating the sizes of tanks, flushing systems and locations of dumping.

Board members said they would take the matter into consideration. Also absent from last night's meeting was Fred Hooper of Glenmore, and Dr. King had to leave before the session was over.

The next board meeting will be July 21 at 8 p.m.

Republicans in Congress Adopt 'Wait-and-See' Attitude

Dems Say Adams on Way Out

WASHINGTON (AP) — Congressional Republicans adopted a wait-and-see attitude today toward the political future of Sherman Adams.

Democrats made it plain they think Adams will have difficulty in explaining away charges against him and believe he soon will be on his way out as chief assistant to President Eisenhower.

Mrs. June Hammond Named Secretary

Gagliardo Is Re-Elected Ohio Probation, Parole Assn. Head

BOWLING GREEN, Ohio (AP) — A probation officer from Cleveland and a former probation officer from Ashland will continue to serve as president and executive secretary of the Ohio Probation and Parole Assn.

They are Angelo J. Gagliardo, chief probation officer of Cleveland Municipal Court, re-elected president, and Mrs. June Hammond, named to serve again as executive secretary.

With other officers, they were elected Monday night during the association's four-day meeting at Bowling Green State University.

Other officers include Miller S. Mackey, vice president, and Louis A. Rossi, treasurer. Mackey is administrative assistant in the State Bureau of Probation and Parole at Columbus, and Rossi is chief probation officer for Middletown's Municipal Court.

Executive vice presidents were named for the association's three cabinets. They are Orville Kreeger, chief probation officer for Licking County Juvenile Court at Newark, juvenile cabinet; Mrs. Helen S. Deutemeier, divorce investigator for Butler County Common Pleas Court at Middletown, divorce cabinet; and Joseph G. Cannon, supervising social worker for the State Division of Correction at Columbus, adult cabinet.

In sessions Monday, association members heard about steps taken by official agencies and volunteer organizations to solve problems arising from American family life.

A Presbyterian minister from Lakewood, Dr. L. Wilson Kilgore, said Divorcees Anonymous tries to discourage couples from turning to divorce to solve marriage problems.

He said the non-sectarian, non-profit organization—which he helped found—uses group discussions and talks by marriage counselors to help those with problems.

Where persons are already divorced, he added, Divorcees Anonymous tries to help adjustment.

A professor from Ohio State University, Dr. Richard Clendenen, said intra-family discussions have proven more effective than individual interviews where many juvenile problems are concerned.

He said these problems often result from multiple-problem families, a heavy drinker and the mother is neurotic. About 50 per cent of juvenile problems are caused by less than 1 per cent of the nation's youth, he declared.

The 11th annual conference opened Sunday and closes Wednesday.

197 TO GRADUATE AT FENN

CLEVELAND (AP)—Fenn College will hand out diplomas to 197 seniors at graduation exercises at Severance Hall tonight.

in a separate interview that whether Adams remains in government appears to depend on his testimony.

"I'm sure he will tell the whole story," Dirksen said.

Sen. Clifford P. Case (R-NJ) said complete frankness about his connections with Goldfine is required from Adams.

Rep. Clarence J. Brown (R-Ohio) commented that "if all the charges are true, then Mr. Adams has been very indiscreet to say the least and his value to the administration seems to have been destroyed."

Similar views were expressed by two other Ohio Republicans, Representatives William E. Minshall and David A. Baumhart Jr. Adams has denied he used any influence in behalf of Goldfine in cases pending before government agencies. He so informed the House subcommittee last week in a letter in which he confirmed reports that he had been Goldfine's guest in expensive hotels. He said Monday there were "other questions" he would answer, presumably relating to reports he received an expensive Oriental rug and a vicuna coat from his Boston friend.

In announcing that Adams would testify, White House press secretary James C. Hagerty said Eisenhower had asked him to tell newsmen there is "no individual in or out of government, that he had more confidence in than Sherman Adams."

Despite Adams' decision to testify and Eisenhower's strong defense of him, reports persisted in Congress that the presidential assistant may bow out later to take the edge off of Democratic political attacks.

TO HEAD BARBERS ASSN.

CANTON, Ohio (AP)—Clarence D. Wright of East Liverpool was elected to his seventh straight term as president of the 8,000-member Ohio State Barbers Assn. here Monday. Eight vice presidents also were elected, including one new one, Nick Colla Jr. of Youngstown.

Adams has denied any wrongdoing in connection with the matter. Other Ohio GOP congressmen talked more guardedly about the Adams affair. Sen. John W. Bricker, who is up for re-election said he didn't want to say anything.

Others willing to talk—like Rep. David Dennison, John E. Henderson and William H. Ayres—said they wanted to see more facts before expressing an opinion.

"I have never and I do not now condone influence peddling in official circles," Dennison said. "But with respect to the charges against Mr. Sherman Adams I think it improper to prejudge the facts as given."

Henderson said: "I don't know whether what I have heard is true. So I'm not going to prejudge a fellow in the storm he is caught in right now."

Ayres compared Adams' activities to neckties just given to every member of Congress, some reporters and the White House by a New Orleans tie manufacturer in honor of Father's Day.

"Of course, I'm going to keep my tie," Ayres told a reporter. "But it's one of those things a guy has to decide for himself."

"It shows such a fine line has to be drawn."

FULL LOAD FOR CYPRUS—Pvt. John Parker, 21, British paratrooper, was all smiles as he posed with full kit and carrying rocket launcher at Aldershot, England, June 13. The paratrooper flew to Cyprus to reinforce soldiers maintaining a tight curfew on troubled island colony because of clashes between Greek and Turkish Cypriots.

Campaign Expenses Reported by Jackson

COLUMBUS, Ohio (AP) — A Youngstown newspaperman who bid unsuccessfully for the Democratic gubernatorial nomination has reported personal campaign expenses of \$129.73. Clingan Jackson, the candidate in the May primary election, said he received no contributions.

However, Jackson's campaign committee said it received \$4,555 and spent \$4,339.93.

Other candidates reporting to Secretary of State Ted W. Brown Monday were:

John W. Donahay of Alliance, Democratic candidate for lieutenant governor, \$491.68 spent and no contributions.

John J. Gallagher of Cleveland, one of Donahay's unsuccessful opponents, \$1,095.08 spent and \$1,100 contributions.

Ohioan 1 of 2 Killed In Mid-Air Collision

MOJAVE, Calif. (AP) — A Van Wert, Ohio, Air Force officer was one of two men killed in a mid-air collision of two jets over the Mojave Desert Monday.

The Ohioan, Lt. Col. Boyd L. Grubbs, 40, chief of flight operations at Edwards Air Force Base, 60 miles north of Los Angeles, was flying a twin-jet B57 Canberra bomber when it collided with an F100C jet fighter.

Capt. C. D. Crabb, the fighter pilot, landed his badly damaged jet at Victorville AFB. Grubbs and Capt. Edward C. Gah: 34, who was flying with him, apparently were killed as they tried to bail out. Their bodies were found five miles from the wreckage.

The bomber crashed and exploded in the desert 22 miles south of here.

The Ohio officer leaves his wife, Isabel, and three children, Kristi, Jack and Jill, who live at Edwards AFB. Gahl, from Oklahoma City, leaves a wife and two sons, also at Edwards AFB.

The other is not in custody.

Ham Radio Set Brightens Life Of Blind Boy

CHICAGO (AP) — Blinded 3 1/2 years ago, Phillip Horwitz, 13, has created a new and brighter world through the Braille-marked dials of a ham radio set.

"It pulls me through my crisis," Phillip told newsmen. "There is so much to think about and plan and I have gained many friends."

Each day he talks to several people, his mother Mildred Horwitz said. He has contacted operators in 41 states and 17 countries.

Mrs. Horwitz spoke at her son's bedside in Illinois Masonic Hospital, where Phillip is recovering from a third operation seeking to restore his sight. He went blind suddenly 3 1/2 years ago after a brain operation.

"He's in wonderful spirits," said Mrs. Horwitz. "He's willing to take a challenge and won't be daunted."

"He is the type of child who never said, 'Why does this happen to me?'"

Phillip took up amateur radio as a hobby two years ago. When he received his set the manufacturer sent engineers to his home to mark the dials in Braille. He speedily passed his operator's test with high grades. His call letters are K9GBS.

Aided by Braille textbooks, Phillip also excelled in his grammar school courses. He is scheduled to graduate with honors from the eighth grade next week.

Boy Scout Waterfront Program Is Completed

The Columbiana Boy Scout Council's summer camp waterfront program has been completed with the addition of motor boat instruction to the program.

Charlie's Boat Shop of the Benton Road has donated a new motor and a 12-foot aluminum boat for use by the scouts.

The waterfront program also includes canoeing, rowing, sailing, bait casting, life saving and swimming.

Special emphasis has been placed on the program at Camp Twin Spruce this year. In previous years the waterfront operated with one instructor. This season the waterfront staff consists of three members. Larger staffs also direct other activities.

To date 411 scouts and explorers are registered for summer camp. The new dining hall and staff quarters will be in operation for the June 29 opening of the camp on Leesville Lake.

Scouts Release 2,330 Fish In Beaver Creek

LISBON — The Columbiana Boy Scout Council reported Monday that 2,330 bluegills ranging in size from 2 to 7 inches were released in Beaver Creek bordering the McKinley Scout Reservation in the past two weeks.

The fish were trapped and caught in the pond on the reservation in an effort to balance the fish life in the pond which is overstocked. An estimated 4,000 fish have been taken from the pond this year.

The fishing in Beaver Creek bordering the scout reservation is reported as excellent this year. Scout leaders, scouts and cub scouts have taken rock bass, bluegills, bass, suckers and catfish from the creek all summer. Large catches have been reported and the transfer of the fish is planned throughout the summer months.

Ohioans Say Charges Menace Sherman Adams' Role as Aide

WASHINGTON (AP) — Three Ohio House Republicans said today Sherman Adams' usefulness as top White House aide is ended if information about his accepting favors is correct.

The statements were made in separate interviews by Reps. William E. Minshall, Clarence J. Brown and David A. Baumhart Jr. Minshall said: "If the facts as reported in the public press are not satisfactorily explained, Sherman Adams has betrayed his public trust and should separate himself from the government."

Brown said: "If all the charges are true, then Mr. Adams has been very indiscreet, to say the least, and his value to the administration seems to have been destroyed."

Baumhart, a former executive director of the National Republican Committee, said: "I campaigned against mink coats and deepfreezes and I'm just as critical when this happens in my own party."

A fourth Ohio Republican, Rep. William Hess, said he, too, thought Adams had been indiscreet but that it was too early to make a final judgment.

Adams goes before a House subcommittee today to explain his acceptance of gifts from Boston businessman Bernard Goldfine.

Wittenberg College's Assets Are Reported

SPRINGFIELD, Ohio (AP) — Wittenberg College's assets are at least 15 million dollars, close to three times what they were in 1948, President Clarence C. Stoughton says.

What's more, he told the board of directors Monday night, 1957-58 enrollment in all schools at Wittenberg set an all-time record. Dean John N. Stauffer said 3,618 students had been enrolled.

The president said directors are contemplating changing the school's name to Wittenberg University in September 1959.

FAVORS FOR ADAMS—Wealthy Boston industrialist Bernard Goldfine, above, paid bills for presidential aide Sherman Adams when Goldfine was in trouble with federal agencies, Adams admitted. But Adams said he got no special treatment.

Convict, 42, May Make Fortune on Toy

CHESTER, Ill. (AP)—A convict serving a 100-year term in Menard State Penitentiary stands to make a fortune from "Kongo Safari," a child's toy.

The toy was designed by Clyde Wagner, 42-year-old murderer. Wagner has submitted 70 toy ideas to manufacturers. He holds two patents and since 1941 has invented more than 750 items, ranging from a new type cotto pin to jet aircraft. Five toys are in production.

His "Kongo Safari," a push-pull elephant train, was accepted by a manufacturer who reported that he displayed the toy at an industry show in New York this spring and received 700,000 orders.

Wagner's royalty is three cents on each toy. He could get \$21,000 from this toy alone if 700,000 are sold.

He was convicted in 1937 for slaying an Alton, Ill., policeman during an argument. He won't be eligible to seek parole until he's served a third of his 100-year term.

What would Wagner do with such a bundle of money?

He said he'd spend it to keep working on still other ideas.

"Getting patents, hiring people outside to build models, and all other things involved have eaten up everything I've made on the inventions I've sold," Wagner said.

He didn't say how much money he's made thus far on his various toy designs and inventions.

He works as a vocational instructor in prison.

Wagner had no previous training in toy design before entering prison. He began to exhibit a knack for inventiveness after he entered Menard.

strong expression of confidence from Eisenhower and by implication the burden of supporting Republican claims to a clean-as-a-whistle government since the Eisenhower administration took over in 1953.

Adams promised to answer every question a House subcommittee has raised about his action in matters before two federal agencies concerning Goldfine interests.

Democrats made plain they have plenty of questions which they say went unanswered when Adams wrote Chairman Oren Harris (D-Ark) last week that he accepted favors from Goldfine only innocently and never pulled strings for his Boston friend.

In the swelling political furor, a number of Republicans up for re-election this year have called for further explanation from Adams too.

Some Democrats professed to believe that Adams would quit his post late this year to lessen the election campaign controversy.

Leetonia Ruritan Club Is Being Organized

A Leetonia Ruritan organization meeting was held at the Lutheran Church Monday night, Floyd Lower of Lisbon district governor, reports.

Man Reneges On Deal to Kill Young Friend

MONROE TOWNSHIP, N. J. (AP)—Albert Russell, tired of life, tried to buy death for \$300.

Police said he paid a friend that sum to kill him.

But the bargain fell through, and today it is Russell's friend who faces death while Russell faces more of the grief he had tried to escape.

The 24-year-old former mental patient sat calmly in the Tarrant State Police barracks Monday night and told his weird story to investigator George Smith.

He said he made the bizarre covenant with Charles Sandless, 49.

Both men live in Baltimore, and Russell said he and Sandless went to New York over the weekend to consummate their "deal." Seeking to provide Sandless with a strong alibi, the pair went to crowded Coney Island to help Russell in his search for death.

But death proved elusive. They found Coney Island jammed with police and took the search to the quiet woods of Central Park.

"In Central Park," Russell told police, "Sandless choked me unconscious, then lost his nerve."

Russell said he then bought a gun in an attempt to make the job easier for his friend, and the pair started hitchhiking back to Baltimore.

They were standing in a field off Rt. 33 here Monday when Sandless apparently began having some afterthoughts about the strange bargain he had struck. Russell told police his friend wanted to renege on the deal.

Officers said Russell grew infuriated. Whipping out the gun he had meant for use on himself, he fired four bullets into Sandless' back. His friend fell in the weeds along the road, screaming in pain.

Police said Russell ran across the road to a fruit stand, shouting:

"I just killed a man."

He later told authorities he was in a coma when he shot Sandless and didn't wake up until his companion began screaming.

Russell, released from the Springfield, Md., State Mental Institution last year, was arraigned on a charge of atrocious assault and battery with intent to kill. Magistrate Albert Orsini ordered him held for grand jury action.

Sandless was rushed to Pitkin Memorial Hospital in Neptune, where his condition today was listed as critical. Police said he confirmed Russell's strange tale before lapsing into unconsciousness.

Mrs. Harry D. Karlen

Yellowstone Park Honeymoon Destination of Harry Karlen's

Yellowstone National Park in Wyoming is the honeymoon destination of Mr. and Mrs. Harry David Karlen, who were married at 2:30 p.m. Sunday in the Bunker Hill Methodist Church.

The Rev. Ralph Fotia officiated at the nuptials which united in marriage Miss Naomi Ruth Goehring, daughter of Mr. and Mrs. George Goehring of Boardman, and the son of Mr. and Mrs. Norman Karlen of RD 1, Salem.

Palms, ferns and altar vases of white gladioli and pompons graced the chancel where the double ring ceremony was performed.

"Because," "O Promise me," "I Love You Truly" and "The Lord's Prayer" were sung by Howard Reed of North Lima. He was accompanied by the organist, Mrs. Willard Headland Jr. of Salem.

Mr. Goehring gave his daughter in marriage. Pearls outlined the bride's neckline of the bride's gown of French imported Chantilly lace. The fitted bodice was styled with long sleeves. The skirt featured front and back panels of shirred lace and crystal tulle pleated ruffles and a brush train.

A matching lace cap embellished with seed pearls and sequins held her fingertip veil. She carried a crescent arrangement of stephanotis and pearl leaves, centered with a white orchid.

Three of the bride's sisters served as her attendants. The maid of honor, Miss Nora Lee Goehring, wore a ballerina-length gown of orchid nylon sheer. She carried a basket of purple delphinium florets in a garland effect, centered with orchid pompons and ivy.

Gowned in Nile green nylon sheer were the bridesmaids, Misses Elva May and Katherine Goehring. Their floral arrangements were baskets of orchid pompon florets, orchid daisies and ivy.

Denis Karlen of RD 1, Salem was best man. James Higgins of Youngstown, brother-in-law of the bride, and Bruce Behner of RD 1, Salem, seated the guests.

Mrs. Goehring chose a pink lace dress for her daughter's wedding, and Mrs. Karlen wore a light blue ensemble. Both wore white rose corsages.

A four-tiered wedding cake, decorated with orchid and green rosebuds, graced the bride's table at the reception which followed in the church fellowship hall.

Hostesses were Mrs. Kay Goehring, Mrs. Ann Schwartz, Mrs. Elsie Vickers, Mrs. Jean Flower and Mrs. Emma Flower. Three hundred guests were present from Alliance, Youngstown, Warren, Salem, Minerva, Louisville, Berlin Center and Vienna.

A graduate of Boardman High School, Mrs. Karlen is employed as a bookkeeper by the Mahoning National Bank of Youngstown. Mr. Karlen graduated from Goshen Union High School and is employed as a truck driver by Goshen Township.

For traveling, the bride wore a blue cotton dress with white accessories. The couple will reside on Diagonal Road, Salem.

4-H Club News

Winona Jolly Bunch
The Winona Jolly Bunch 4-H Club met recently at the home of Joyce Johns of RD 1, Hanoverton.

The meeting opened by singing, "The Old Rugged Cross." Miss Johns read a poem entitled "God."

Twelve members answered roll call by giving a health and safety hint. The health and safety meeting was announced for June 20 at the home of Mrs. Rudy Hrovatic of Salem-Lisbon Road.

The club members will serve at the strawberry festival to be held Saturday at the Winona memorial playground. Activity day was planned for July 12.

Yvonne Cunningham and Donna Knizat presented a team demonstration on "table setting." "Measuring ingredients" was the demonstration given by Virginia Courtney.

The program featured Lola Gamble who played a piano solo, "Lead Me to Calvary," and Janie Heinbuch and Marylou Alexander who presented a clarinet and piano solo.

The next regular meeting will be June 26 at 8 p.m. at the Lisbon home of Miss Cunningham.

In The Service

Pvt. Catherine Jenkins, daughter of Mr. and Mrs. Frank L. Jenkins, RD 4, Lisbon, recently completed eight weeks of basic training at the Women's Army Corps Center, Fort McClellan, Ala.

Household Hints

Beware of vegetables that are bruised, wilted or overripe. These frequently are low in food value. This calls for sharper buying at the fruit market or grocery, but pays in the long run. Buying near-perfect vegetables also cuts spoilage.

To scald milk means to heat the milk until bubbles form where the liquid meets the pan.

Achievements Are Reviewed At Hospitals' Auxiliary Session

Achievements for the past year were recounted at Thursday's meeting of the Women's Auxiliary of the Salem Hospitals in the Hannah E. Mullins Nurses Home.

Mrs. L. A. Bateman presided. Mrs. David Keller, chairman of the ways and means committee, reported that patient feeding tables had been supplied to the Salem City Hospital, and surgical tables were given to the Central Clinic.

Gift service carts, presented to both hospitals, are operated by volunteers from the auxiliary. A sum of more than \$1,000 was donated to the new training school for practical nurses.

Money for these projects was earned by auxiliary-sponsored projects. Assisting Mrs. Keller in planning and promoting the projects were Mrs. Alfred Hughes, Mrs. Paul Ritchey, Mrs. Fred Crowsey, Mrs. R. J. McConnor, M. V. C. Hart, Mrs. Thomas O'Sullivan and Mrs. Homer Detwiler.

Mrs. Robert Conroy, puppet chairman, announced that 842 puppets had been made last year by auxiliary members with the help of women from church and other organizations in Salem and vicinity. The puppets are given to children who are hospitalized.

It was revealed by Mrs. Robert Hall, membership chairman, that the auxiliary now has 168 paid memberships. Increase in the roll

was through the efforts of Mrs. Hall and her committee members, Mrs. Russell Jones, Mrs. William Hannay, Mrs. Vincent Bober, Mrs. Vincent Horning, Mrs. Milton Steiner, Mrs. J. J. Hiegel and Mrs. Wilson Morlan.

Commended for their work in the various money-making projects were Mrs. Ritchey, chairman, Mrs. Frank Culler and Mrs. Robert Chappell, members of the mailing committee; Mrs. James Schaeffer, secretary; and Mrs. D. J. Smith, second vice president.

Mrs. J. R. Taylor, hospitality chairman, and Mrs. J. Fred Jose, program chairman, arranged the "pink tea" that followed. Special guests at the affair were the women from Salem, Columbiana and Lisbon who have assisted with the puppet project throughout the year.

Mrs. Jose introduced Mrs. Ray Stiver, who reviewed Eddie Cantor's biography, "Take My Life."

Mrs. Bateman, retiring president, and Mrs. Jose, the new president, presided at the tea table which was attractive with pink appointments and a centerpiece of pink peonies. Hostesses were Mrs. Taylor, Mrs. McConnor, Mrs. Hanna and Mrs. Leland Patterson.

Mrs. Albert Hanna announced that the auxiliary will furnish the food for the workers and donors at the blood bank June 30 in the Methodist Church.

Miss Fisher Attains Top Scholastic Average

Judith A. Fisher, daughter of Mr. and Mrs. J. R. Fisher, 1069 E. State St., received mention during the recent Marietta College commencement exercises as being the member of the freshman class attaining the highest scholastic average for the year 1957-58.

At the same time she was named the freshman winner of the Pannhellenic Prize given to the sorority woman of each class with the highest scholastic average.

A chemistry major, Miss Fisher is attending Marietta on a scholarship provided by the Union Carbide Corp. and is a member of Sigma Kappa sorority.

At Salem High School, Miss Fisher was active in the Thespians, student publications, language club, and science clubs.

Inside Labor By Victor Riesel

There'll be no bells ringing Wednesday at Washington's Hotel Statler to start the classes of a special 48-student school. Bell ringing will come later — for this will be the Republican party's campaign school.

In three intensive days, the GOP, symbolized by the ivory-tusked elephant, plans to drive all ivory-tower thinking from the man who heads each of their state committees. In those three days, 48 Republican state chairmen will be put through crash courses by experts in everything from reaching through the troubled broadcast air to reaching over the heads of the majority of the nation's labor leaders and getting at the

millions of rank and file labor votes.

The school's sophisticated proxy, Robert Humphreys, GOP national committee campaign director, is not conceding any of these labor votes automatically to the Democrats this year.

MR. HUMPHREYS, a wise man who skillfully trained the elephant to wait at a similar school in 1955, knows that it will be more difficult for the party to prance in this election. So the courses are sharper and cut into 11 major hourly presentations.

Slides and words from the experts will occupy the first 20 minutes. Then 40 minutes of questioning — on such matters as how to buy radio and TV time; how to recruit volunteers; how to use opinion polls; how to organize; how to run a telephone campaign; how to design direct mail and Republican literature and how to organize the rural vote.

There is a special place in the school's curriculum for a course in "Reaching Labor's Rank and File." This course will get extra time Thursday morning. It will be no cinch.

THE GOP strategists will remember a recent Democratic party dinner to Harry Truman. On the dais were three labor chiefs. Two were in dinner jackets. Walter Reuther came in a regular suit. But it wasn't Reuther's presence on the dais that surprised the GOP. Nor was it the tuxedoed James Carey. I was the third labor chief, William Doherty, president of the National Association of Letter Carriers, AFL-CIO, whose spot on the dais caused most comment.

Doherty, being a leader of civil service workers, seldom has declared himself so openly so soon. He usually plays it more cozily. When he moves, it is a sign that he believes the party to which he's moved will win. To earlier moves, the more certain he is. It is this kind of opposition from the national labor leadership, most of which is directed by the 2-man Democratic Labor Advisory Council, which the Republican strategists now will seek to neutralize.

THE REPUBLICANS believe they can reach over the heads of the national labor chiefs. This will be the outline of the campaign school's Thursday morning course given by Edward J. Ray.

Ray's 36-year-old New York Central Railroad conductor who has for some years now been chairman of the Albany, New York Republican party. Mr. Ray has been GOP candidate for mayor of the New York state capital as well as director of the Young Republican Labor and Industrial Committee of New York.

Mr. Ray, no believer in political miracles, plans to show the 48 state chairmen where the Republican party failed and will tell them that it's just as easy to go out and gather union votes as it is to shake hands in the less populous business field.

Mr. Ray, a devoted member of the Brotherhood of Railway Trainmen, will begin his talk to the 48 with slides of labor headquarters which the GOP ran in '56 in Pittsburgh and New York.

He'll show them literature which succeeded and that which failed. He'll say there are more labor people who did well under the Eisenhower regime than bankers. He'll show graphs on the screen to show how wages and union membership went up under Ike.

The Republican chiefs will then leave their classes ready for war on their opponents' home grounds, the experts hope.

He May Set New Record for Himself This Year

Ike, the Traveling President

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON — Ike has really gone places this year.

If he keeps moving at the same rate for the rest of the year he could set a new travel record for himself.

Including extensive traveling planned for June, the first six months of 1958 will probably find him logging close to 2,000 miles. Another 20,000 miles during the second half of the year will have him surpassing his 1953 record of 37,000.

His third most traveled year was 1956, when campaigning pushed the total to 36,000 miles. Since becoming President he has traveled more than 180,000 miles.

A fleet of Army and Marine helicopters, a garage full of racy limousines, several fast, twin-engine executive aircraft and a plush four-engine, trans-continental Constellation, all available to him on quick notice, make it possible for him to get around the way he does.

MOST OF THIS recent presiden-

tial traveling is the result of his doctor's orders to get away from his Washington desk as much as possible. Every trip to play golf in Augusta, Ga., is about a 1,000-mile junket. When Ike delivered Mamie to Phoenix, Ariz., this winter for a rest at the Maine Chance Farm, the total distance traveled was 4,500 miles.

When the three jet transports which the White House has ordered are delivered there's no telling what travel records he'll break. The Budget Bureau explained to Congress that the new aircraft would help the U.S. match the prestige of Russian leaders who fly around in jets. Total cost of the new U.S. jets will be \$15,000,000.

A spokesman in Congress suggests that Ike could do the Russians one better in modern travel by showing up at any summit meeting in an atomic sub, which the Russians don't seem to have as yet.

Another breakdown of Ike's traveling reveals that since taking office he has flown 163,000 miles, gone 11,000 miles by motor car, 4,000 miles by train and 2,000 miles by water.

Soon after moving into the White House, Ike, the ex-Army General, decided to sample some Navy type transportation. He took a 375-mile cruise in the presidential yacht Williamsburg. This apparently was enough of the water for him. The Williamsburg was quickly put out of commission "for economy reasons," the White House announced. Ike did not travel by water again until 1957, when he sailed to Bermuda.

AIR TRAIL figures include his helicopter time. Last year the White House bought two small whirly birds — for about \$200,000 — as a quick means of getting to the airport from the Executive Mansion on July 12, for a civilian de-

fense exercise, Ike had a two-hour ride in one.

That was the end of small helicopters for White House use. They were turned over to the Air Force and the Army and Marines were asked to have several larger types available to the President after that. During his vacation in Newport, R.I., last September he had four rides in large Marine helicopters to and from the Quonset Naval base, an island.

LAST NOV. 8 he used a large Marine helicopter to get from the White House to Germantown, Md., for the dedication of the new Atomic Energy Commission headquarters. On Jan. 29 this year he used the same whirlybird to get to the farm at Gettysburg.

The Gettysburg helicopter hop takes about an hour, just half the for the originally stated purpose.

On May 20 he used a large Army helicopter for a trip to Gettysburg, where he voted in the Pennsylvania primaries. On May 23 he used a large Marine helicopter for a trip to the farm at Gettysburg.

with Gettysburg helicopter hop takes about an hour, just half the driving time. Ike appears to like the saving in time and doesn't object too much to the vibration of the whirlybird ride. So it's expected that he'll use this form of transportation to his farm more often in the future.

Mamie does not like the long

helicopter ride, however, and goes to the farm by car.

Only in 1953 and 1956 did Ike use railroads for transportation. It's not that he doesn't like trains. White House transportation officials insist. It's just that the President is always in too much of a hurry to get where he's going, they say.

QUESTIONS AND ANSWERS

LITTLE LIZ

Q — Why is the moon said to be in apogee when it is farthest from the earth each month?

A — The term comes from two Greek words meaning "from the earth." The opposite term is perigee, which means "near the earth."

Square Dance Club Elects New Officers At Columbiana

COLUMBIANA — Lloyd Kyser was elected president of the Columbiana Square Dance Club Saturday night at the June meeting held at the Columbiana Dixon School.

Other officers elected are Frank Snodgrass, vice president, and Mrs. George Hess Jr., secretary-treasurer.

The club will not hold dances

this summer but will resume activities Sept. 13.

THE ANNUAL family picnic of the Searchlight Class of the Methodist Church will be held Saturday at the home of Mr. and Mrs. Harold Zabel, New Buffalo Road. Each family is asked to bring a casserole and dessert or salad and table service. Fishing and swimming will be enjoyed preceding the 6 p.m. dinner.

Members of Brownie Troop 2 will hold their "camp out" at Pavilion 4, Firestone Park, from 7 p.m. Monday to 9 a.m. Wednesday.

THE UNION BIBLE School is being conducted this week each evening from 7 to 9. This is sponsored by the Grace, Methodist and Presbyterian Churches. Class 5 will conclude June 20, early 150 are enrolled.

Priscilla Circle members of the Christian Church were guests of the Missionary Society of the Greenford Christian Church last Thursday.

Mrs. Ethel Herron had charge of devotions and Miss Esther Wilson, president of the Columbiana group, had charge of the program.

Frank Lillie of the Christian Church is serving as dean of the Round Lake Christian Assembly, south of Wooster, for camping this week.

Mrs. and Mrs. Raymond Metz of Cincinnati, Mr. and Mrs. Roy Vandergrift and son John David of Alliance, were weekend guests in the Emery Metz home.

Mr. and Mrs. Guy Fisher visited Sunday the latter's brother Roy Hackett and wife and mother, Mrs. Bertha Hackett, at East Rochester.

Mr. and Mrs. Luther Donbar and son Robert, spent the weekend in Mansfield at the home of Mr. and Mrs. Howard Donbar.

Saturday guests in the Erma Wilson home were her daughter and family, Mr. and Mrs. William Schriber of Navarre, and Mr. and Mrs. Frederick Wilson and family of Moorestown, N.J. Mrs. Schriber and two children are spending the week here.

Oscar Herrmann is spending a few days in Alliance with his brother, Mr. and Mrs. Ted Herrmann.

TWINS, 5 TIMES IN 12 YEARS—Mr. and Mrs. H. L. Scully, who hold the record for twins in Erie, Pa., proudly show Thomas, left, and Terrence, their fifth set of twins. The newcomers, born on June 5, are the fifth pair to arrive in the last 12 years. Gathered around are their eight surviving children. Two others died in infancy.

On the Bookshelves

Listing of New Books at Salem Public Library

"Created Equal" is the title given to the new, one volume edition of the Lincoln - Douglas debates of 1858. In his introduction, editor Paul M. Angle states that the issues of race relations, personal liberties and governmental regulation are still with us, and that the words of these two great debaters have significant meaning today.

Chin-yang Li's deceptively innocent approach and flair for atmospheric description lift his new novel, "Lover's Point" out of the love story classification. The plot revolves around Aika, a beautiful Japanese girl living in California, and her emotional entanglements with three men: an American Army officer, a Chinese refugee and a wealthy Chinatown merchant.

OTHER FICTION
"Night of Reckoning" by Dorothy Tibbitt. Royce Burlingham spent eight years in prison on a murder charge before his wife and daughter tried for his parole. Police Chief Delehanty was unhappy about the case, and then, during a hurricane, everything happened at once.

"Malice in Wonderland" by Rufus King. A collection of eight short stories of mystery and suspense. All of the stories have the same setting, a small town just north of Miami Beach.

"Brand of a Man" by Thomas Thompson. The Webbers were buying up land from the small ranchers because they knew a cattle boom was in the making. But Zoe Middleton refused to sell and persuaded Owen Delany to put his guns on again.

"Dishonor Among Thieves" by Prentice Winchell. A truck had been stolen and its driver killed. Don Cadee had to find the killer, and he was not sure if he could trust his reformed aide, Andre.

"No Entry" by Manning Coles. Humorous Tommy Hambler impersonates a Russian agent to rescue the young son of an atomic expert from behind the Iron Curtain.

"Craftsmanship and Design in Pottery" by W. B. Dalton. A study of the potter's craft which includes the history of pottery making in various countries, data on clays, glazes, workshop equipment and methods.

"Thunder at Harper's Ferry" by Allan Keller. An hour by hour account of John Brown's raid on Harper's Ferry which touched off the Civil War.

"Battle of Cowpens" by Kenneth Roberts. A stirring account of the battle, fought shortly before the Battle of Yorktown. At Cowpens Daniel Morgan's ragged and badly equipped riflemen defeated Tarleton and the pride of the British Army.

"Thunder at Harper's Ferry" by Allan Keller. An hour by hour account of John Brown's raid on Harper's Ferry which touched off the Civil War.

Group To Represent Auto Club at Meeting

Four couples will represent the Columbiana County Automobile Club at the Ohio State Automobile Association's 52nd annual convention Thursday and Friday in Akron.

Local club members planning to attend the convention are: Mr. and Mrs. Lynn R. Riddle of Lisbon, Mr. and Mrs. Albert P. Morris of 1329 Ridgewood Drive, Mr. and Mrs. Mark Klingensmith of Columbiana and Mr. and Mrs. C. Richard Roose of Leetonia.

Morris is a trustee of the USAA, and Riddle is senior vice president.

Remember When?

By HAL BOYLE

NEW YORK (AP) — Life may not have been better in the good old days—but it sure was different.

Remember when the best kind of unemployment insurance was an interest in your work?

When it was felt no baby had been properly welcomed into the

world until it had been photographed naked while lying flat on its stomach on a fur rug?

When saloons competed to see which could serve the best free lunch in town?

When more popcorn was eaten in the American home than in movies?

When you could always earn a little ice cream cone money by picking potato bugs in a neighbor's garden at a penny a hundred?

When, long before Paris discovered the gunny sack look, dresses made from used flour sacks were part of every country girl's basic wardrobe?

When mother always kept a can of mutton tallow on the back of the kitchen stove to grease our wet shoes? Or one could even spell lanolin then.

When dogs were allowed to run free in the streets—but children weren't?

When the biggest possible blow to your financial standing was to lose your credit rating at the public library?

When people took more pride in their flower beds than their martinis?

When the only thing more certain than death and taxes was that, if you picked up a hoptoad, you'd develop warts?

When every girl's dream of glamor was to grow long curls, just like Mary Pickford's?

When it was easy to tell you'd entered the home of a man of distinction — because the brass cuspidor in his parlor always had a dazzling polish?

When salt mackerel was a major breakfast delicacy, and a child got one orange a year—in his Christmas stocking?

When your favorite uncle was the one who could light a kitchen match by striking it on the seat of his pants?

When a better sign of spring than the first robin was the old scissors grinder, back bent under the weight of his grindstone, swinging his bell as he cried, "Any scissors to grind?"

When, in the age before zippers, small girls counted the buttons on their clothing to see what kind of a man they would marry: "Rich man, poor man, beggar man—?"

When more families played "Old Maid" than bingo?

When every medicine chest contained a bottle of castor oil, the national tranquilizer?

When the only member of the household who worried about his diet was the family pooch—and his problem was whether they'd leave him enough table scraps?

When every home had a fire-side for grandma to sit by, and grandmas were willing to sit by firesides?

CHILDREN BLAMED FOR FIRE
CLEVELAND (AP)—A group of children with matches and firecrackers was blamed for a \$20,000 fire which burned an east side warehouse and three freight cars Monday night. Firemen said a watchman chased several youngsters just minutes before discovering the fire.

TRAFFIC INJURIES FATAL
CLEVELAND (AP)—A Cleveland marked up its 42nd traffic fatality Monday night when Mrs. Ciraco Donato, 66, died in St. Luke's Hospital of head injuries suffered June 6 when she walked into the side of a passing car in front of her home.

NAME AT SANDUSKY
SANDUSKY, Ohio (AP)—Marvin Pratt, 55, was elected ex-officio mayor of Sandusky by the five-member board of commissioners Monday night. He succeeds Stuart Gosser who became city manager June 1.

ALL-NEGRO PARISH CLOSED
YOUNGSTOWN, Ohio (AP)—St. Augustan's, the only all-Negro parish in the Catholic diocese of Youngstown, has been closed and its members will be integrated into churches in the area in which they reside. The Rev. Cyril Kennedy of St. Augustan's has returned to Brunnerdale Seminary in Canton for reassignment.

OHIO GRAIN PRICES
COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged, 2.00-2.13, mostly 2.04-2.06; No 2 yellow ear corn mostly unchanged to two cents higher, 1.26-1.33 per bu., mostly 1.31-1.33; or 1.80-1.90 per 100 lbs, most 1.87-1.90; No 2 oats mostly unchanged, 60-73, mostly 65-70; No 1 soybeans unchanged to three cents lower, 2.14-2.20, mostly 2.14-2.16.

WHERE'S THE DOC?—Tommy Brawley, left 4, seemed to have more interest in the photographer than his brother and sisters who appear a bit more apprehensive as they line up at Valley Childrens Hospital and Guidance Clinic in Fresno, Calif. Tots were waiting to have their tonsils and adenoids removed. From left: Tommy; James, 5; Dorothy Jean, 3; and Linda Jane, 6, all youngsters of 27, and Mrs. James Brawley of Fresno. Operations were successful.

A Warning: Pros Advise Against Stock Sharpshooting

By FAYE RENLE
(NEA Staff Writer)

Who has been in there "playing" the stock market these past few weeks?

We claim no pipeline to the traders' books. Yet, we've a feeling it's been you. You, who should only

buy the quality issues, have somehow decided that there is a chance to pick up a couple of extra dollars—quick.

To a considerable extent it has been the low-priced, poorer quality issues that have shown the highest volume of trading. Some stock market analysts point to this as a danger signal.

We give no market advice. We would merely like to suggest that it is far wiser to buy 10 shares of a top grade issue, if this is all that you can afford, than 100 shares of a lower quality stock.

THERE IS LITTLE DOUBT that there are more small investors in today's market than have been spotted in many a year. That is why we issue this warning.

"Tell them not to try for a fast buck with a small amount of capital," the professionals say. They point out that low-priced issues are usually more speculative, frequently "over-priced."

"Tell them to buy quality issues, the seasoned stocks, the ones that pay dividends," is the Street's advice.

One good yardstick for a new investor is to find out whether an issue has been bought by institutions — by mutual funds, closed-end investment trusts, pension funds, insurance companies or banks. This lends a certain amount of stability to these stocks because institutions don't panic and sell when the market declines.

Too often the new investor believes that buying odd lots is an unnecessary expense. This is sheer nonsense. Everyone expects to pay something for a special service and since shares usually trade in round lots, commonly 100 shares, the odd lot brokers, whose business it is to break up the 100-share units for you and me, are entitled to a little something.

REMEMBER ALSO that the brokers' commissions can cost you more percentage-wise for the low-priced issues than for the higher priced ones.

You've got, say, \$500 to invest? You are eyeing a \$50 stock. What will 10 shares cost you? The odd lot fee is \$2.50, means you are paying 50% a share. The brokerage commission is \$11. Total cost to you for this transaction is \$33.50 plus a few cents to cover federal tax.

Or perhaps you've decided on 20 shares of \$25 stock. The cost will be the same.

How about the cost on 100 shares of a \$5 flyer. No odd lot fee here but a \$13 brokerage commission. What have you gained? Fifty cents and the chance of some sleepless nights!

Newcomer, look for quality, not quantity. You will be playing it safer!
